Experience

Senior Frontend Developer, Type/Code

April 2023 — July 2025 | Brooklyn, New York

Led the frontend development strategy across digital products in a variety of industries including media, education, and nonprofit. Worked independently and in small teams to produce carefully considered web experiences that delivered business value to clients.

- Translated project specifications into actionable items that accounted for budgets and timelines.
- Implemented project features to spec while working closely with stakeholders.
- Helped manage projects from start to finish, including delegating tasks to others and mentoring junior developers.
- Invoked team adoption of new technologies and processes to make projects more efficient to develop and maintain.
- Refactored legacy projects to use modern dependencies.

Technologies: *React, Typescript, Next.js, Vue, Nuxt, Payload, Wagtail, Statamic, Storybook*

Clients include: *A24, Stanford University, Carnegie Endowment for International Peace*

Senior Developer, Work & Co

October 2021 — February 2023 | Brooklyn, New York

Worked in small, highly collaborative teams to create visionary digital products and experiences. Collaborated closely with designers, product managers, strategists, and QA engineers to concept, prototype, and execute on a range of products across industries.

- Structured technology solutions for clients and delivered clean, well-documented code.
- Peer reviewed the code of other developers and gave feedback on maintainable solutions and best practices.
- Responsible for key architectural decisions that shaped projects from early stages.
- Exercised agile workflows to organize tasks and meet project deadlines.
- Focused on web accessibility in accordance with ADA / WCAG standards.

Technologies: *React, Typescript, Next.js, Jest, Tailwind CSS, Storybook, Sanity, Chakra UI*

Clients include: *PGA Tour, First Street Foundation, Everfi, Creative Ladder*

Lead Web Developer, Freelance

February 2019 — October 2021 | Brooklyn, New York

Provided technical leadership and independently developed, tested, and launched beautiful and engaging websites and publishing platforms for a variety of clients in the arts and media space.

- Guided clients and design teams to define a scope of work and project requirements.
- Worked with designers to convert mockups to functional websites using modern tools suited for the needs of each project.
- Ensured all clients had consistent updates, avenues for feedback, and technical support.
- Guaranteed functional and visual aspects met requirements with QA testing before launch of projects.
- Provided ongoing maintenance and technical oversight as business needs changed.

Technologies: *React, Typescript, Next.js, PHP, Wordpress, Gatsby, Sanity, Netlify, WebGL*

Clients include: *MoMA Detroit, Apartamento Studios, Slowdown Media, Capacity Studios, Gamers Outreach*

Interactive Developer, BBH New York

August 2014 — January 2019 | Brooklyn, New York

Frontend web development making interactive content for clients across a wide array of industries, including hospitality, fashion, and luxury brands.

- Collaborated as part of a team of developers to convert design mockups to functional websites that meet project requirements.
- Launched and contributed to projects of varying scales, from simple brochure sites to complex brand ecosystems.
- Made technical recommendations based on changing design and scope requirements.

Technologies: *HTML, PHP, CSS/SCSS, Javascript, React, Wordpress, Vagrant, Git, NPM*

Clients include: *Marriott Hotels, Nintendo, R + Co, Brighthouse Financial, Life Happens*

Skills

Languages: *Javascript, Typescript, CSS/SCSS, HTML, GraphQL, PHP*

Frameworks: *React, Vue, Next.js, Nuxt, Vite*
